

LINA SHARMA

Candidate for Senior Engineer – Business & Government Solutions (Career Transition)

Base: Abu Dhabi, Abu Dhabi, United Arab Emirates | **Phone:** +971 52 603 1189 | **Email:** lina.sharma.creative@gmail.com | **Portfolio:** behance.net/linasharma

Professional Summary

Client-facing communications and operations coordinator with 6 years of experience in brand projects, event delivery, and internal process documentation. Seeking to pivot into IT operations and government solutions by leveraging strong stakeholder communication, structured documentation skills, and basic technical familiarity with office networks and helpdesk workflows. Recently completed short courses in Linux basics and networking fundamentals.

Transferable Strengths

• Stakeholder communication • Requirements gathering (non-technical) • Process documentation • Vendor coordination • Scheduling & operational planning • Basic troubleshooting mindset

Professional Experience

Operations & Client Coordinator

Nova Creative Studio – Abu Dhabi, UAE | Feb 2021 – Present

- Coordinated multi-stakeholder projects (government-adjacent events and enterprise clients), managing timelines, deliverables, and vendor communications.
- Produced standardized documentation packs (SOPs, checklists, handover notes) used across teams for consistent delivery.
- Supported basic office IT needs (WiFi resets, printer setup, user access requests via IT vendor tickets).

Marketing Executive

Gulf Retail Group – Abu Dhabi, UAE | Jun 2018 – Jan 2021

- Ran campaigns, coordinated agencies, and managed reporting dashboards (Excel/PowerPoint).
- Led internal communications and training materials for new store rollouts.

Education

Bachelor of Arts (BA) in Mass Communication

University of Mumbai – Mumbai, India | 2014 – 2018

Training & Short Courses

- Linux Fundamentals (online bootcamp, 2024) – shell basics, file permissions, package installs
- Networking Basics (online, 2024) – IP addressing, DNS concepts, troubleshooting workflow
- IT Helpdesk Foundations (2023) – ticketing, escalation etiquette, documentation standards

Tools & Skills

Tools: Microsoft Office (Advanced), Google Workspace, Jira (basic), Slack, Zoom

Technical (basic): Linux command line fundamentals, DNS concepts, router reset workflow, user access requests via vendors

Soft skills: Communication, attention to detail, stakeholder management, documentation

Languages

English (Fluent) • Hindi (Native)

Achievements

- Built a standardized documentation kit for project handovers that reduced onboarding time for new hires by ~20% (2022).
- Recognized as “Top Coordinator” for multi-vendor delivery reliability (2023).

Interests

Process design • Learning tech fundamentals • Volunteering (community events) • Photography
